November Blog

This month, we have welcomed a new British auxiliary of conversation, Yasmin Sansom from Wales, to the school. As an introduction, it was important to reinforce previously-learned vocabulary and build upon their knowledge of the UK.

Another significant event is the building relationships of the students with Wick Primary School in Bristol through the E-twinning label. The students are still in contact another year later and are developing great friendships and learning about different cultures.

E-Twinning Label

The E-Twinning project is going from strength to strength after another year of exchanging letters to Wick Primary School in Bristol. Years 3, 4, 5 and 6 have written letters to their pen pals updating them about what they've been learning in school, their school routines and their favourite activities to do after school. There has been so much to talk about regarding their different experiences celebrating Halloween!

Here are some of the letters!

Welcome to Gloria Fuertes

This month, we have welcomed Yasmin, a British auxiliary of conversation, to the school. Yasmin prepared a presentation about herself and Wales. The presentation focused on hobbies, family, the different parts of the UK and Wales. It is important to show the students the differences between the countries and that each one has its own cultures, languages, foods, and landscapes. The students were very interested in learning about Wales, especially when they heard the name Gareth Bale, and wanted to ask lots of questions.

Welcome to Gloria Fuertes Continued.

Yasmin was also working with infants, students aged 4. They loved meeting a new teacher, especially one that could only speak English! The students learnt how to introduce themselves after wanting to tell Yasmin their names after Yasmin told them hers. They were keen to join in on the fun with Yasmin and Archie the giraffe and they were singing along to the songs: head, shoulders, knees and toes and 1, 2, 3, 4, 5 once I caught a fish alive which allowed the children to learn about their body parts and the numbers respectively.

Healthy Food Project Activities

The Year 2 students at Gloria Fuertes School have been busy baking! The children have been looking at healthier choices in accordance to the food pyramids that they have made. They have found some healthy recipes to bake sweet desserts to bring into school and share with their friends for breakfast. Some healthy cakes flavours included; orange, apple, banana, carrot and pumpkin and they were all delicious!

Equality Activities - 25th November

All the staff and students at Gloria Fuertes believe that equality is very important and should be promoted, therefore, in accordance with "Día Internacional Contra la Violencia de Género" (International Day against Gender Violence) the students have made posters to decorate the stairs with various quotes in different languages. The statements are in Spanish, English and French to represent the languages spoken in the school and to give a sense that equality should be universal. The quotes show the importance of friendship as it says "there is no equality without friendship" and they also take into account that "we can all have different personalities but we are all equal." The children are learning that it is good to be friendly and respectful to everyone by spreading these positive messages.

Reflection of the Week Explanation:

The reflection of the week comes from a famous American celebrity, Nicole Kidman. In this quote, Nicole stresses the importance of enforcing laws to protect women and prosecute perpetrators. We all have to work together to put a stop to attitudes and behaviours that condone, tolerate, excuse or ignore violence committed against women. This quote fits perfectly within this month's awareness for "Violencia de Género" in Spain. During this awareness, many people come together to call for the prevention and elimination of violence against women and girls. 2019 will mark the 28th year since the campaign began and now there are more than 6000 organisations and over 187 countries standing up and participating.
